

Graceview, Eastern Road, Turrumurra

9-17 Eastern Road, Turrumurra NSW

Client
Pindan Pty Ltd

Year
December 2018

Value
\$17 million

Location
9-17 Eastern Road,
Turrumurra NSW

Due to the sloping nature of the ground conditions, the retention system is a mixture of pile and panel walls and battered retaining walls. The foundations are pad footings which are founded on shale.

The project was modelled and documented in Revit enabling accurate coordination and clash detection for architectural, structural and building services disciplines.
